

SAFETY DATA SHEET **Product Name** Pre-loaded Wang PS Resin (LL)

# **SECTION 1: IDENTIFICATION**

**1.1 GHS Product identifier** 

Product name	Pre-loaded Wang PS (LL)
<b>1.2</b> Other means of identification	
Cas No.	N/A
Other names	no data available
<b>1.3</b> Recommended use of the chemical and restrictions on use	
Identified uses	For industry use only.
Uses advised against	no data available
1.4 Supplier's details	
Company	CEM Corporation
	3100 Smith Farm Rd
	Matthews, NC 28106
1.5 Emergency phone number	
Emergency phone number	704-821-7015

Emergency phone number	704-821-7015
Service hours	Monday to Friday, 8:30am-5pm (EST)

# SECTION 2: HAZARD(S) IDENTIFICATION

**2.1 Classification of the substance or mixture** Composition: Styrene/ divinylbenzene Copolymer 2.2 GHS label elements, including precautionary statements no data available

## 2.3 Other hazards which do not result in classification

none

# SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

Routes of Entry - Inhalation: Small particles are dangerous if inhaled. There is the possiblity that a small fraction of this material may be respirable. It is possible that small particles will remain in the lung. Exposure to large quantities of this material when dry may cause breathing difficulties. Medical conditions aggravated by exposure to small particles may include asthmatic conditions and breathing difficulties in general.

Routes of Entry - Skin and Eyes: It is believed possible that very small particles (5 µm or less) may pass through the skin and mucous membranes.

Routes of Entry - Ingestion: It is possible to ingest this material.

# SECTION 4: FIRST-AID MEASURES

#### 4.1 Description of necessary first-aid measures

**Inhalation**: Remove to fresh air and seek medical advice as to the effect of fine praticulate matter in the lung.

**Skin and Eye Contact**: Wash with copious amounts of water for at least 15 minutes. Remove contaminated clothing. Wash contaminated clothing before re-use.

**Ingestion:** Wash mouth out with water and seek medical advice.

# **4.2 Most important symptoms/effects, acute and delayed** no data available

## **4.3 Indication of immediate medical attention and special treatment needed, if necessary** no data available

## **SECTION 5: FIRE-FIGHTING MEASURES**

#### 5.1 Extinguishing media

Extinguishing Media: Water spray. Carbon dioxide, dry chemical powder or appropriate form. Special Fire Fighting Procedures: Wear self-contained beathing apparatus and protective clothing to prevent contact with skin and eyes.

Unusual Fire or Explosion Hazards: Emits toxic fumes under fire conditions.

#### **5.2 Specific hazards arising from the chemical**

no data available

## 5.3 Special protective actions for fire-fighters

Wear self-contained breathing apparatus for firefighting if necessary.

# SECTION 6: ACCIDENTAL RELEASE MEASURES

# 6.1 Personal precautions, protective equipment and emergency procedures

Wear respirator, chemical safety goggles, rubber boots and heavy rubber gloves. Collect material in a sealed container for disposal by an approved method. Ventilate area and wash spill site after material pickup is complete. Mix material with combustible solvent and incinerate in a suitable chemical incinerator equipped with after burner and scrubber.

#### **6.2 Environmental precautions**

Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Discharge into the environment must be avoided.

## 6.3 Methods and materials for containment and cleaning up

Pick up and arrange disposal. Sweep up and shovel. Keep in suitable, closed containers for disposal

# **SECTION 7: HANDLING AND STORAGE**

# 7.1 Precautions for safe handling

Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Avoid exposure - obtain special instructions before use. Provide appropriate exhaust ventilation at places where dust is formed.

#### 7.2 Conditions for safe storage, including any incompatibilities

Store in a refrigerator. Store under 4° C.

# **SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION**

Chemical safety goggles. Compatible chemical resistant gloves. NIOSH/MSHA approved respirator. Mechanical exhaust (fume hood).

Avoid inhalation. Avoid contact with eyes, skin and clothing. Avoid prolonged or repeated exposure. Wash thoroughly after handling. Keep tightly closed. Store in a cool, dry place.

# **SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES**

**Boiling point: Melting point:** Miscibility in water:

Appearance and odour: White to off-white powder; slight odour. Does not boil. Degrades before melting. Not miscible.

# **SECTION 10: STABILITY AND REACTIVITY**

**10.1 Reactivity** no data available **10.2 Chemical stability** Stable under recommended storage conditions. **10.3 Possibility of hazardous reactions** no data available **10.4 Conditions to avoid** no data available **10.5 Incompatible materials** Strong oxidizing agents. **10.6 Hazardous decomposition products** 

Toxic fumes of monomer, hydrogen chloride, carbon dioxide and carbon monodioxide may be evolved.

# SECTION 11: TOXICOLOGICAL INFORMATION **Acute toxicity**

May be harmful by inhalation, ingestion or skin absorption. May couse eye irritation. May cause skin irritation

#### Skin corrosion/irritation

no data available

## Serious eye damage/irritation

no data available

**Respiratory or skin sensitization** 

no data available

#### Germ cell mutagenicity

no data available

#### Carcinogenicity

no data available

#### **Reproductive toxicity**

no data available

## **STOT-single exposure**

no data available

## **STOT-repeated exposure**

no data available

#### **Aspiration hazard**

no data available

# SECTION 12: ECOLOGICAL INFORMATION (NON-MANDATORY) 12.1Toxicity

Toxicity to fish: no data available

Toxicity to daphnia and other aquatic invertebrates: no data available

Toxicity to algae: no data available

Toxicity to microorganisms: no data available

## **12.2 Persistence and degradability**

no data available

## **12.3 Bioaccumulative potential**

no data available

#### 12.4 Mobility in soil

No data available

# 12.5 Other adverse effects

no data available

# SECTION 13: DISPOSAL CONSIDERATIONS (NON-MANDATORY)

Fine dusts may be explosive and should not be ignited. Methods of disposal should meet all local, federal and state laws.

SECTION 14: TRANSPORT INFORMATION (NON-MANDATORY) 14.1 UN Number ADR/RID: no data available IMDG: no data available IATA: no data available 14.2 UN Proper Shipping Name ADR/RID: unknown IMDG: unknown IATA: unknown 14.3 Transport hazard class(es) ADR/RID: no data available IMDG: no data available IATA no data available **14.4 Packing group, if applicable** ADR/RID: no data available IMDG: no data available IATA: no data available **14.5 Environmental hazards** ADR/RID: no IMDG: no IATA: no 14.6 Special precautions for user no data available 14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code no data available

# SECTION 15: REGULATORY INFORMATION (NON-MANDATORY)

**15.1** Safety, health and environmental regulations specific for the product in question

It is believed that no TLV or OEL has been quoted for this material. Exposure should be kept below 5 mg/m3. Caution must be used when handling this product not to inhale dust.

**SECTION 16: OTHER INFORMATION** 

Disclaimer: The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. We as supplier shall not be held liable for any damage resulting from handling or from contact with the above product.
